EXPERIENCE

- ❖ Intern | CODSOFT (July 2023 – Aug 2023)

Technology – HTML , CSS, JS (Basics)

Description- During my internship, I successfully completed three projects. The first project involved creating my 'Personal Portfolio,' followed by a 'Calculator' with full functionality. The final project was the development of a 'Landing Page.' I utilized HTML, CSS, and basic JavaScript to accomplish these tasks.

ACADEMIC PROJECTS

- ❖ Travel Website (TRAVELMATE)

I made a travel website which help to make our trip stress free and by this website we can easily book our whole journey easily and enjoying our trip.

- ❖ Amazon Clone

It's a basic clone of Amazon front page with responsiveness.

POSITION OF RESPONSIBILITY

- ❖ Coding Ninja | Technical club (Date- Present)

Organized hackathons & conducted sessions for the students of the college and technical skills like DSA , Web Development.

HOBBIES

I like listening to music and playing indoor games(Carrom Board).
